ALUCIA SERIES

For Gaming Enthusiasts

ALUCIA BUNDLE

Akasa ALUCIA H4 Plus Premium Dual Fan CPU Cooler Bundle

For Intel & AMD Systems

- Sleek all-black heatsink with dual Photic Blue fans
- Refined heatsink design with increased number of fins for effective heat dissipation
- Easy installation with included mounting kit
- Included ultra-performance thermal paste provides easy installation
- Designed for CPUs with a maximum TDP of 210W
- Compatible with LGA1851, LGA1700, AM5 and AM4

Product Code: AK-CC4021KT01

ALUCIA H6LS M2

Premium Ultra Low-Profile 6-Heatpipe Cooler

For Intel & AMD Systems

- Elegant black heatsink and Photic Blue Edition fan
- Ultra low-profile at 67.2mm height
- 36% cooler than previous generation, with an improved TDP of 150W
- Secure and easy mounting with included mounting kit
- Optimised footprint allows for use of all available RAM slots
- Advanced Hydro Dynamic Bearing for increased fan life
- Compatible with LGA1851, LGA1700, AM5 and AM4

Product Code: AK-CC4030HP01

ALUCIA SM12

Premium Silent Cooling - 120mm x 30mm

- 30mm thick fan minimises resonance, reducing noise levels by 16% to 27.5dB(A) for silent cooling
- Advanced sickle blade design provides increased airflow of up to 64.8 CFM
- Silent operation with anti-vibration padding
- Intelligent fan performance with 4-pin PWM connector
- Two ball bearing for enhanced durability and longevity

Product Code: AK-FN128

2 x 120mm Fan	Extended Fan Life	500—2000 RPM
Intelligent PWM Speed Control	4 Heatpipes	Silent Operation

120mm Fan	Extended Fan Life	500—2000 RPM	67.2mm height profile
Intelligent PWM Speed Control	6 Heatpipes	Silent Operation	

120mm Fan	Extended Fan Life	350—1600 RPM
Intelligent PWM Speed Control	Silent Operation
